Surprisingly exciting news from your insurance broker

Over the past few months, Phillips Insurance Brokers have been working on renaming and re branding the business, to ensure that we continue to provide you with the very best advice, insurance solutions and claims management.

That process is now complete and Phillips Insurance Brokers name has changed to Sorvio Insurance Brokers Ltd. with immediate effect.

Sorvio is taken from Sorvioudunum which was the Roman name for the earliest settlement which became the Salisbury we know today. It is an indication of our long term commitment to our clients and provides a new identity that we can develop over the next few years.

There has been no change to our team or the financial structure and ownership of the business, and the office will remain in Brown Street.

Sorvio Insurance will continue to develop long term relationships with our clients based on integrity, high quality personal service and trust.

The new logo is

www.sorvio.co.uk

This will appear on all correspondence and our new E-Mail address is

fops@sorvio.co.uk

All other contact details remain the same.

If you have any questions or concerns then please get in touch.

Best regards
